Instructions for Connecting to Mu2e Review from Offsite

Video Connection
Dial 8868 (88MU) at 384kps - Do NOT enter PIN

Audio Connection
Call 510-883-7860 then enter the Ad-hoc number 8868# (88MU#) - Do NOT enter PIN

ISDN Connection from DOE
1. Dial 510-883-7860 using ISDN at 384kps speed (there may have a prefix for dialing long distance from Germantown)
2. When your video system connects you will see a blue screen, be patient and after ~7 seconds you will hear music and a voice announcement.
3. Press the # key on your video conference remote controller which will bring up a DTMF pad (or mini remote icon) in the upper right hand corner
4. Enter the Ad-Hoc number assigned for your meeting - 8868# (88MU#)- Do NOT enter PIN.
